**AFFIRMATION AND UNDERSTANDING OF SELF REGIONAL HEALTHCARE'S EXPECTATION OF FACULTY/STUDENT BEHAVIOR AROUND ANY MEDICATIONS THEY MAY COME IN CONTACT WITH AT SRH.**

"The hospital prevents unauthorized individuals from obtaining medication in accordance with this policy and law or regulations" Joint Commission Standard MM.03.01.01 EP6.

I agree and understand that in the course of my normal work that I may come in contact with both prescription and non-prescription medications in the hospital.

I acknowledge that this is hospital property and it is both the hospital's code of conduct and for prescription medications it is not only unethical but illegal by regulatory STATE and/or FEDERAL statutes for me to take or remove any of these medications that I might come in contact with.

Furthermore, in accordance with the SRH Human Resource's Disciplinary Action Policy, I understand that I am subject to disciplinary action of the university/college for failure to comply with all applicable Federal and State laws and regulations in addition to taking hospital property.

By my signature on this document I certify that I have not and will not take any of the medications I come in contact with on hospital property.
